

Pray-Ground

We are so glad that you want your child to be a part of our new Pray-Ground! At Celebration, children are welcome in our worship and we want them to see, learn, and participate in our service. The Pray-Ground will have them up front by the pastor with quiet toys and activities to help them engage in service and learn from observing adults around them! This is a new adjustment for our congregation, and we appreciate your patience as we begin this new program.

Pastor Sarah and others will be there to help remind children of the rules for worship time, however we do ask for parental engagement as well so we can guide the children as best as we can and worship can run smoothly for everyone! Here are our guidelines:

1. Our general age range for Pray-Ground will be 2-10 years old, however this is just a guideline; older children are welcome to help guide our little ones and set a good example!
2. We ask that all parents sit in the pews behind the Pray-Ground so they can help look after their children.
3. If your child starts to be disruptive to service (beyond the volume of quiet play), we ask that you quietly take your child to the nursery or another space until they are ready to rejoin worship.
